REVIEW OF JURNAL GEOMETRI MATEMATIKA

- An enlightening view on Sufis

- This book truly touched me. Written with great talent and humor, I could hardly put it down. I came across it here on Amazon while looking for books on wolf behavior, a few days later I happened to find one lone copy stuffed inbetween books on horses at a local Waldenbooks.I started reading it late into the afternoon and finished in the early morning hours the next day, I couldn't stop reading.Mowat makes the wolves come to life, and easily draws you into his day to day activities and that of the wolves themselves.His great sense of humor also adds a lot to the book. A wonderful read if you're an animal lover, or if you simply love to read.This book was the deciding factor in my decision to choose a career in wildlife biology and conservation.
