REVIEW OF AGARBATTI PERFUME COMPOUND MAKING FORMULATION NIRALBI

- I won't say the book was horrible, because it wasn't; nor will I say it was boring, because on the

contrary, it kept me interested, but I will say that it had many faults. For one, the writing seemed a bit "young", similar to junior high and high school writing, and not that there's anything wrong with that, but I was expecting a more elaborate and mature sense of writing style, since the writer has written more than just one book. Also, the dialogue seemed so unreal. Yes, I know, it's a fictional story, but there was nothing to relate to, but also little fantasy to have fun with, and what I mean by that is that the characters were very underdeveloped, and many of the individual story lines seemed incomplete. At the end, I felt that I needed to read more, to feel I read a whole story. By the way, the book had many typos.

- This is a great quilt book and is in very good condition and arrived very quickly. Thank you
