REVIEW OF BROKEN TRUST BADGE OF HONOR SERIES BOOK 13

• For those of you that judge a bookcover and bypass the shopping experience of perusing the inside, you should not review this book. Honestly, yes there is a lot of inflammatory language in it, but one would only have to peruse two pages to find an example. For those of you that have perused and became enthused by a funny, wise-cracking, long suffering true american sick of the flag waving sycophants I'm sure that you would agree this book is a long time coming for young american women. Really, who of us hasn't tried something so utterly outside of ourselves and gotten so completely off field that you end up losing your sanity for a moment only to find out that taking chances is what life is all about. If you haven't done it, you haven't lived it. This book is well written, if you like this style of writing (i.e. peruse before allowing your children to read). Women have long suffered the cross of having to be proper and full of good moral code. Really, I'm glad that at least one young woman was willing to stick her neck out in public. Anyone who has learned to cook the hard way, that is through cookbook after cookbook, would have to appreciate this book. If you never had to learn the hard way, kiss your mentor and be glad you haven't experienced the constant frustrations Julie had too (if a bit overly done). Really, this is an excellent book. The style is consistent and it ends in a delicious sweet way. She is really funny and uses some \$10 words. Thank you Julie Powell for this outstanding book.

• Julie Powell, the author of "Julie & Julia," is an unlikeable, foul, bitter, crass, judgmental twit. It's no wonder Child herself was reportedly unimpressed by the blog that led to this book and the film. Do you want to read a book full of incoherent, wandering diatribes against Republicans, Christians, and just wholesome living in general? Then you will love this book and undoubtedly, the author as well. There are few chapters that don't rail against the "what would Jesus do" bracelet-sporting co-worker, or the "evil Republicans," who she is happy to use for her own selfish ends (The Republicans have provided her with her job; when she is desperate for wine advice, she turns to a Republican). Having seen the movie, it is remarkable how much effort Nora Ephron had to expend in order to re-write the character of Julie; 'movie' Julie is almost charming in comparison to 'novel' Julie. If Julie had been portrayed in the film as she describes herself in the novel, I doubt even Meryl Streep's mighty cinematic power could have saved the film. So: Skip the book. See the film. Read "My Life in France," by Julia Child. It's a book worth reading, written by an intelligent, likeable woman, who exhibits none of the venom or hatred Julie Powell enjoys spewing.
