REVIEW OF PC LAPTOP BUYING GUIDE

- I found this little book at a thrift store, and had no idea what a gem it really was. It is filled with beautiful pictures and Biblical wisdom for the homemaker. Even my children love flipping through and reading the verses and looking at the pictures. I encourage you to click on through to Amazon and scroll through the gorgeous pictures!
- The Giver is written by Lois Lowery. This is a story about a boy that finds out that there is more to the world than he thinks. The Giver is about a boy named Jonas and The Giver. They are both interesting because they are the only two people that can go beyond the rules. I like how The Giver thinks, he is always unpredictable. But Jonas always thinks before saying a single word. A lot of different things happen in the book such as Jonas finding out lots of other things that he didn't know how to see colours and how it feels to have pain. I learnt that a perfect world is not good. These themes are important because they set out the main story without them there would be no story. The main relations between the characters are Jonas and The Giver and Jonas and Asher. The strongest relation would be between Jonas and The Giver because they spend a lot of time together and Asher is Jonas' best friend. One time Jonas was very unsure that if he should betray everyone and run away but The Giver helped him and told him what he should do. The main part that I like is the part that Jonas finds out that he is the new Receiver Of Memory. When he went through his special training and got told that he was allowed to do almost anything that was my favourite part. I liked that part because he was allowed to break the rules. The language used in the book is very imaginative. The book creates a picture in your mind and makes your imagination run wild. I think the audience would find it interesting if they like books that show them different types of worlds.

recommend this book for ages 12+. It is a good book full of things we wouldn't ever think about, for almost anyone because it has good words to describe things. By Kushal Kant (SKTG)
