Jane Austen's minor female characters expose the economic and social realities of British women in the long eighteenth century and reflect the conflict between intrinsic and expressed value within the evolving marketplace, where fluctuations and fictions inherent in the economic and moral value structures are exposed. Just as the newly-minted paper money was struggling to express its value, so do Austen's minor female characters struggle to assert their intrinsic value within a marketplace that expresses their worth as bearers of dowries. Austen's minor female characters expose the plight of women who settle for transactional marriages, become speculators and predators, or become superfluous women who have left the marriage market and battle for personal significance and existence. These characters illustrate the ambiguity of value within the marriage market economy, exposing women's limited choices. This book employs a socio-historical framework, considering the rise of a competitive consumer economy juxtaposed with affective individualism.

REVIEW OF CANON MP145 USER MANUAL

- "A Streetcar named Desire" is one of Tennessee Williams' masterpieces, published in 1947. The play is about the Southern Belle Blanche duBois who comes to live with her sister Stella in New Orleans. There she is confronted with her sister's husband Stanley who wants to destroy Blanche's life. The conflict between Stanley and Blanche gets worse and it comes to a rape. In the following scenes Stella has to decide whether she believes in her sister or in Stanley. The play gets more and more exciting and your interest will be caught by the development of the plot. In his book Williams tries to assimilate his own life which was dominated by his brutal father. Also the autobiographical aspect makes the play worth reading. Further I would recommend you to read the book because it contains numerous themes which are still relevant today. So love, loneliness and cruelty play an important role. Moreover easy and colloquial language is used. All in all the play "A Streetcar named Desire" is really recommendable.

- The play shows us that what we have always dreamed is not always what we are. More importantly, it shows us that we cannot escape who we are, lest we devolve into a state of fantasy, living a beautiful dream when the world around us is a nightmare. Williams is one of the premier playwrights of our time. And yet he is seriously underrated in modern courses in literature and on the modern stage. His themes are universal and ageless in that they center upon the fall from innocence that all human beings suffer upon learning that humanity is not beautiful. It is brute and desirous and akin to the raunchy yet realistic world of Stanley Kowalski. Blanche Dubois cannot live without embracing desire, embracing Stanley. And yet, she can never accept that she must desire. For that reason, she descends into madness, more content with the illusion that life is a beautiful dream, a belle reve, instead of an imperfect lesson in death and loss.
