REVIEW OF AIRBUS A320 STUDY GUIDES

- I do not know why this is in my folder. I

did not buy it as far as I know. You may remove it from the survey if you wish.

- I thought this book had a theme that you could never get tired of. There were a few sections that got a bit boring and I just wanted to get to the end of the chapter. A treasure hunt with a lot of action and adventure is just the type of book that a 13 year old boy would want to read. I don't like reading that much at all but this book kept me hooked. I don't want to give too much away but I can say that the pirates and a few other people did a few.....ODD things throughout the book. The key word of this book is mutiny. This is a great action book that makes you have to think. When two groups of pirates are on one island fighting over one treasure you get one fun book.
