They fall in love as they live life on the frontier and face the dangers that come with it. Hunter's Bride was a great western historical romance, it was well-written and had a lot of depth to the characters and story. The background characters were well-drawn and come to life as well. The Beaudine brothers were three sexy, honorable and loyal men! Orion was a great hero who treated Sarah wonderfully and was willing to give her the space to make the decision to be with him on her own. He and his brothers protected Sarah and her friends from the danger that cropped up during the story. Check out Hunter's Bride if you like sweet western historical romance with a well-written story.

- I purchased this item at Amazon for my Kindle. The text started out fine, but later on was filled with misspellings, typos, etc. Also, it was NOT a complete collection. Only two of the 12 "Casebook of Sherlock Holmes" stories were included! I wish there was some way the items could be better-screened so purchases could be made on an informed basis. Oh, well, caveat emptor!
