REVIEW OF THINK FOR MYSELF HOLISTIC THINKING KIDS

- I love Louise Erdirch and this book is no exception.

- This book starts off really promising, interesting and off-beat. But half way into the story it loses its zest. Too many complicated characters that are not fully explored show up. Too many story lines and issues that never get addressed fully. The last part of the book becomes quite boring and disoriented. It is a great story but I think the author was too ambitious in its scope and therefore ended up with many half-told stories. The only story that comes to somewhat of a closure was that of Agens/Father Damien. The rest of the characters remain in limbo. It was a disappointing read after such a great start. I had a hard time keeping up the interest to finish it up.
