This book explores an area that has

been somewhat overlooked in the literature to date – the current status and future trends of English education in Oman. It offers a variety of theoretical and methodological approaches to the subject and explores areas of English education in Oman that have, until now, been little investigated. It explores these issues from a variety of perspectives: the professionalization of English teachers in the country; the implementation of novel teaching methodologies, curricula, and assessment approaches, into what are, in many ways, still very traditional education settings; the integration of learner identity into English language instruction; country- and culture-specific concerns with conducting research with Omani participants; the strategic

demands of building stronger links between education and workforce needs; and developing learner autonomy and motivation.

"Vinge is one of the best visionary writers of SF today."- David Brin Thousands of years in the future, humanity is no longer alone in a universe where a mind's potential is determined by its location in space, from superintelligent entities in the Transcend, to the limited minds of the Unthinking Depths, where only simple creatures, and technology, can function. Nobody knows what strange force

partitioned space into these "regions of thought," but when the warring Straumli realm use an ancient Transcendent artifact as a weapon, they unwittingly unleash an awesome power that destroys thousands of worlds and enslaves all natural and artificial intelligence. Fleeing this galactic threat, Ravna crash lands on a strange world with a ship-hold full of cryogenically frozen children, the only survivors from a destroyed space-lab. They are taken captive by the Tines, an alien race with a harsh medieval culture, and used as pawns in a ruthless power struggle. Education is a crucially important social institution, closely correlated with wealth, occupational prestige, psychological well-being, and health outcomes. Moreover, for children of immigrants – who account for almost one in four school-aged children in the U.S. – it is the primary means through which they become incorporated into American society. This insightful new

book explores the educational outcomes of post-1965 immigrants and their children. Tracing the historical context and key contemporary scholarship on immigration, the authors examine issues such as structural versus cultural theories of education stratification, the overlap of immigrant status with race and ethnicity, and the role of language in educational outcomes. Throughout, the authors pay attention to the great diversity among immigrants: some arrive with PhDs to work as research professors, while others arrive with a primary school education and no English skills to work as migrant laborers. As immigrants come from an ever-increasing array of races, ethnicities, and national origins, immigrant assimilation is more complex than ever

before, and education is central to their adaptation to American society. Shedding light on often misunderstood topics, this book will be invaluable for advanced undergraduate and beginning graduate-level courses in sociology of education, immigration, and race and ethnicity.

REVIEW OF DRIVE TIME ENGLISH INTERMEDIATE LEVEL

- I really like this Bible. I thought it would be a flexible leather binding, but it's a hardback. That's not a bad thing... I just should have paid better attention. I bought it to upgrade from my Teen Bible (being in my mid-20s now), and I love it so far. The ESV is very easy to read and understand while still staying close to the original meanings. I always get compliments on the design of the binding at church and when I carry it with me. I would definitely recommend this Bible to anyone from teenagers to

adults!

- This book has brought some benefits to me, and I do think most people should give it a try. However, do not expect too

much. The historical information is very basic, most of the crafts are best suited for a "country pagan," and there is no index.
