customized suggestions.

REVIEW OF CHAPTER 3 DATA ANALYSIS 3 1 TRACK DATA

• "Julie and Julia" is Julie Powell's memoir about the year she tried to cook all of Julia Child's recipes in "Mastering the Art of French Cooking" (MAoFC). Much like the movie with the same name, the book is as much about Julie's life--her marriage, her friendships, her thankless job--as it is about cooking. Unlike the movie, this book is really just about Julie, there is very little "real" Julia Child in this book. The only Julia in this book is the one in Julie's head, who almost like an imaginary friend, cheers Julie on as she make her way through MAoFC and helps her to discover an inner passion for cooking and how it brings people together. I really enjoyed this book. I thought Julie was honest and funny about the challenges of being young and direction-less in modern urban America. I found it interesting to see how Julie used the project to discover a real passion in herself and to provide herself a purpose that ultimately led her to fulfilment (and an extra 15 pounds of butter weight!). That being said, I don't agree with everything that Julie said or did, and yes she could be a little self centered at times. But this is her memoir, so she has a right to share the world from her perspective. If you are drawn to this book because you loved the movie--be warned, this Julie is a much more colorful (in both language and personality), well drawn character than the Julie in the movie, who in my opinion was sanitized into a typical romantic comedy heroine. Yes there are a lot of incidents that were in the movie that are also in the book. But the book is really about Julie and her life, not Julia Child. That being said, I loved both the book and the movie, but recognize them as two distinct works. If you're interested in reading about how one woman found herself through the completion of an unreasonable project that most people would never even think of undertaking, this book is for you. It shows Julie's project as it was--with all of the messes, curses and challenges that it contained. If you go into the book knowing that, I don't think you'll be dissapointed.

• I don't get it... What did Julie do that was so amazing? Write a blog? I read the biography of Julia Child years ago, my wife and mother used her book for cooking as well as studied in France. The movie would have had been much better without Julie, it seems like a strange twisted obsession on Julie's part, a means to create publicity and make money. I would not recommend the book nor movie.
