## **REVIEW OF FEEL THE FEAR AND DO IT ANYWAY HOW TO TURN YOUR FEAR AND INDECISION INTO CONFIDENCE AND ACTION**

- A classic is a classic, but additional features in this edition make it a great choice. Nice illustrations, too!

• This book is a great joy to read. It's a wonderful exercise in imagination and visualizing everything inside my head. So many things in popular culture today have been influenced by what's in this book. Before I ever read this book, I was primarily familiar with it because of the part with the giant squid. So imagine my surprise to find out that that part of the book was just a few pages long! But that's perfectly OK, because the rest of the book has plenty of things going for it. Jules Verne had a very good imagination. His depiction of the submarine turned out to be quite accurate with regards to what actually was turned into reality during the 20th century. This book is a lot of fun, and if you like it then I strongly recommend that you also read its sequel MYSTERIOUS ISLAND.
