REVIEW OF SHIVANI PUBLICATIONS WIRELESS COMMUNICATION

- This book is just as good as The Eye of the World, if not better. I loved both of these books, and while The eye of the world has the thrill and originality of being the first book in the series, this book answers many questions remaining from the first book, and is just simply a great read. The hunt for the horn, how the balance keeps constantly shifting back and forth between the light (rand and co.) and the shadow makes for great suspense (ill admit that i near screamed when it was stolen...). I also like how Jordan gradually introduces the Forsaken (I can't say too much without spoiling it but you'll understand when you read it). Highly Recommended.

- I'm a Certified Divorce Financial Planner in the twin cities area and a local author on Divorce. I just finished reading Jonathan's book and even though the title is truly tongue and cheek, it really is loaded with practical advice! Especially on the financial side, you shouldn't give up control while married and should understand how the credit side affects you personally. Also keeping track of your gifts and expenses is necessary if you ever do go through a divorce. If you think you might be heading in that direction, pick up this book. It's a quick read and the more knowledge you have, the better you will be!
