expose you to brand-new authors and genres you might not have actually taken into consideration previously.

## **REVIEW OF RESIDENTIAL MORTGAGE LENDING PRINCIPLES PRACTICES**

- For parents and non-parents alike, *Memories, Lessons & Advice: A Guide to Parenting Issues* is a thoroughly enjoyable read. Author Ron Snyder celebrates fatherhood by offering an honest, down-to-earth account of his own child rearing experience as well as memories from his childhood. Although it is called a "guide," it is presented as a narrative with each chapter tackling a real life parenting challenge. Snyder's anecdotes are told with a wisdom and level headedness most often found at the knee of a grandparent. Written with honesty, sensitivity, and warmth, *Memories, Lessons & Advice* is both touching and informative.

- I found this book interesting, yet anti-climactic at the end. It was very hard for me to read about how she treated her children. Kudos for her honesty, but I am disturbed at her narcissistic "everything is all about me" attitude followed by outbursts of extreme anger when not everything goes her way. I would have thought she could at least get her act together in order to spare them from her outrageous behavior. But at least she acknowledged her obvious pathology and got herself help. I guess from someone who has been diagnosed with BPD and have only been able to acquire a therapist's help by going and getting a job (yes with a child) to fund it myself, I tend to find her whiney and rather ungrateful throughout the book. Most people that have circumstances far worse than hers will never be able to

afford to get the help they need, let alone have their therapy funded by their abuser. It's sad. But I'm glad for her sake that she found a wonderful therapist and was able to find the help she so desperately needed.
