REVIEW OF ABBAS IMMUNOLOGY

- traveling across america in 1960 with a man and his dog. awww, for the wanderlust in all of us and too live it via john steinbeck. each turn more exciting than the other.....yet was 3 months enough time? i think not!
- Starting from a personal viewpoint (but in no means limited by it) author Robert Michael Pyle eloquently writes of the importance of nature and of making a personal connection to the land and the natural world. Never preachy, he manages to gently urge the reader to look more closely at the local landmarks, wildlife and little details that make up their most familiar landscapes. I saw the landscape in my area with new eyes after reading this book.
