REVIEW OF GEOGRAPHY PAPER 3 PRACTICAL AND PHYSICAL QUESTIONS ANSWERS

• I was very please with the quality of the book and the speed of service. There was a mix up on the original order but was correct in a very timely manner and at no additional expense to me.

• I have been awating this book since the first one came out and I wasn't disappointed. Once again Sharon Gillenwater has written characters that are believable. Most secular romances these days are nothing but one sex scene after another and most of the Christian romances are too virtuous to be real. Ms. Gillenwater tells a story involving emotions and passion without all of the lewd descriptions, and God is at the center of the relationship without the characters being portrayed as near-perfect people. Both the characters of Selena and Gabriel have many faults and issues that they must work through, some of which are relevent today as well. Thank you, Ms. Gillenwater for a delightful read.
