Thanks for choosing our system for your PDF downloads. We eagerly anticipate offering you with superb service and varied choices for years ahead.

## REVIEW OF SOME DAY MY PRINCE WILL COME TK 2 DOUG MCKENZIE JAZZ PIANO

- I was blown away by Dan Simmons' Hyperion series (and I'm not a sci-fi fan), so I was eagerly anticipating this book after reading all the rapturous reviews. I didn't find it scary, just gross - and, overall, terribly sad. It paints a horrible picture of Calcutta, with filth, vermin, death and disease everywhere. It probably says more about me that I have no problem whatsoever believing in vampires, ESP, monsters, ancient gods come to life, etc., but I just can't see why anyone would bring their infant to such a nasty place! ;)

- Saxon is a great math curriculum. Was happy to find the 54 addition in excellent condition. Had the teacher manual but needed the student textbook. Very pleased with the seller!
