## REVIEW OF WICCA AND WITCHCRAFT FOR DUMMIES

## PDFSDOCUMENTS2

- If you want to get started making computer games with DirectX, forget the "How to make a computer game" books. This is the only one you need, it is clear, has source code that COMPILES and is not stuffed in a pointless class wrapper.
- This was my first time reading Ms.

Laurens and it will definitely not be my last. This novel was very well-written and a keeper. As to the reviewer who said this novel was too verbose, I believe one should be able to tell a well-written novel from a childrens book to read at this level. The novel virtually came to life around you. A great novel indeed.
