Paper Dhaka is certainly worth taking into consideration.

## **REVIEW OF HSC TEST PAPER DHAKA**

- Alan Moore's America's Best Comics has spawned several wonderful titles (along with the middling Tomorrow Stories), but Promethea stands out. The art is outstanding, the color perfect, the lettering spot-on for the different speech types employed, and the writing entertaining while also waxing philosophical. Sympathetically drawn characters tie up the whole package in a beautiful ribbon. Moore dares to tackle the very nature of creativity and comes away with much more than the Wonder

Woman clone some were expecting. While exploring the world of fantasy, he examines through the changing face of comics (the tribute to Little Nemo is marvelous), sexuality, religion and pure wish fulfilment. Comics are still growing up, maybe, but this may be some of the most mature work from the man who brought us The Watchmen.

- Well That ole China Mieville is a strange duck. He chose this novel for a Gaurdian list of the top ten weird fiction books he'd come across which is how I picked it up. He stressed, as did the publisher in the preface, that this was written by a fourteen year old, and frankly that made the reading experience. I wasn't a

trillionth this aware as a freshman in highschool, and though Judith, the artist's model from London who gets kidnapped by her fairy cousin to another dimension, does some awfully silly things- there's simply a thrill from reading the work of a mind just hovering around the brink of total self awareness. The truth is I've read much, MUCH worse science fiction and fantasy in my day. True in this novel there's lots of semi-tedious descriptive passages of exotic birds, green leaves, butterfly covered fields, and long and winding passages. And its true there's one too many characters with the letter "z" in their name, and the sexy fairy who captures Judith's heart is a palindrome for Jane Gaskell's first name. True that the heroine experiences less a state of wonder at discovering her cousin is a faerie than she is concerned with female rivalry with her. And also true that there are charming lapses in narrative priority- Judith discovers that many are dieing around her but she doesn't let that get her down- no she goes and takes a nap in another beautiful glade. But that's part of this work's charm. Every time the characters start talking it's very entertaining- the book takes on topics of promiscuity amongst the aristocracy, social welfare amongst satyrs and faeries, and the ever dangerous Baby Worship. But when the plot revolves around a

war for access to a crystal meth-esque substance that sustains life how can you go wrong with such a work? And the climax is TO-DIE-FOR. So yes, read this if you come across an out of print edition somewhere. It makes me want to read more books by teenagers. It was utterly charming.
