Spanish Sentence Builders is a workbook aimed at beginner to pre-intermediate students co-authored by two modern languages educators with over 40 years of extensive classroom experience between the two, both in the UK and internationally. This 'no-frills' book contains 19 units of work on very popular themes, jam-packed with graded vocabulary-building, reading, translation, retrieval practice and writing activities. Key vocabulary, lexical patterns and structures are recycled and interleaved throughout. Each unit includes: 1) a sentence builder modelling the target constructions; 2) a set of vocabulary building activities; 3) a set of narrow reading texts exploited through a range of tasks focusing on both the meaning and structural levels of the text; - a set of retrieval-practice translation tasks; 4) a set of writing tasks targeting essential micro-skills such as spelling, lexical retrieval, syntax, editing and communication of meaning. Based on the Extensive Processing Instruction (E.P.I.) principle that learners learn best from comprehensible and highly patterned input flooded with the target linguistic features, the authors have carefully designed each and every text and activity to enable the student to process and produce each item many times over. This occurs throughout each unit of work as well as in smaller grammar, vocabulary and question-skills micro-units located at regular intervals in the book, which aim at reinforcing the understanding and retention of the

target grammar, vocabulary and question patterns.

"For the residents of Yopougon, everyday life is good. It is the early 1970s, a golden time work is plentiful, hospitals are clean and well equipped, and school is obligatory. The Ivory Coast is as an island of relative wealth and stability in West Africa. For the teenagers of the town, though, worries are plentiful, and life in Yop City is far from simple. Aya tells the story of its nineteen-year-old heroine, the clear-sighted and bookish Aya, and her carefree and fun-loving friends Adjoua and Bintou. Navigating meddling relatives and neighbours, the girls spend a last summer of their childhood on the

sun-warmed streets of Yop City sneaking out for dancing at open-air bars, strong solibra beer, chicken in peanut sauce and avoiding at all costs the scandal pages of the *Calamity Morning*. Aya is a captivating, colourful and hugely entertaining portrayal of an Africa we rarely see, spirited and resilient, and full of the sounds, sights and smells of a prosperous town and its varied inhabitants."

Philip Massinger's 1632 play reworks Shakespeare's *Measure for Measure* as a waspish city comedy intended to attack the vices of hypocrisy, greed, self-indulgence and social pretension. Wealthy merchant Sir John Frugal takes pity on his penniless brother Luke and invites him to live under his roof with John's own haughty wife and two foolishly conceited daughters. As Luke plots to steal from his brother, and his daughters arrogantly spurn worthy suitors, John plans to teach them all a

lesson. Retiring to a monastic life, he leaves his brother Luke in charge of the household, before returning in disguise to watch havoc unfold... This rarely produced but surprisingly timely play was revived by the Royal Shakespeare Company as part of its fiftieth birthday season in 2011. El mundo ha cambiado tanto que los jóvenes tienen que reinventar la rueda. Para Michel Serres, nace un nuevo ser humano, él lo bautiza como Pulgarcita, sobre todo por su capacidad para enviar mensajes con el pulgar. Las sociedades occidentales han experimentado dos

revoluciones: la transición de lo oral a lo escrito, y el paso de escribir en una pizarra a escribir en libros. Ahora vivimos la tercera revolución: la transición a las nuevas tecnologías. No hay progreso o desastre, ya sea bueno o malo, ésta es la realidad y tenemos que lidiar con eso. La generación Pulgarcita tendrá que reinventar una forma de vivir juntos, instituciones y formas de ser y conocer. - "Michel Serres es el abuelo con el que todos soñamos. En él se unen tan bien la sabiduría y la juventud, que a su lado se tiene la impresión de que tiene toda la vida por delante" - Sophie Bancquart, directora de la Editorial Pommier. - "A este formidable ensayo se puede aplicar igualmente la frase de Michel de Montaigne: "vale más una cabeza bien hecha que una cabeza bien llena" - Lire, Francia. - "Michel Serres analiza meticulosamente y con ternura los cambios que entrañan las nuevas tecnologías sobre (o en) las generaciones actuales. Lejos de estigmatizar a los nativos digitales, describe una generación mutante y apasionada" - Dirigeants Chrétiens.

Get the real guidance you need to create and build your first startup company from founders who have been there many times before. The first run printing of The Startup Playbook SOLD OUT! So, we revised, expanded, and improved this second edition, including a new foreword

by Brad Feld, author of Venture Deals. We still give our personal, how-to guide for building your startup from the ground up. You'll find a collection of the major lessons and shortcuts we've learned that will shift the odds in your favor. We're sharing our tips, secrets, and advice in a frank, founder-to-founder discussion with you. We make no bones about our bias. We're on your side, the founder's side. While venture capitalists, investors, and accelerators/incubators can add great value in the startup ecosystem, this book isn't about their points of view. We'll tell you where our interests as founders diverge from those on the other side of the table—investors, bankers, advisors, board members, and others—and what to do when that happens. The Startup Playbook is not a recipe, it's not a template, it's not a list of tasks to do. It's our insider's guide to starting a company and running it successfully in those critical early months. Between us, we've started over a dozen high-tech software companies and raised over \$500 million in investment capital. We've acquired over thirty-five companies, had three of our startups go public, sold six of them, and we made billions of dollars for shareholders. We've also invested in over eighty startups, advised and mentored over two hundred companies and actively worked with venture capitalists (VCs), incubators, and accelerators to help launch many other new startups. We've had plenty of failures, too. And we've probably learned more from those than from the successes. We share those lessons as well. The Startup Playbook is full of our advice, guidance, do's, and don'ts from our years of experience as founders many times. We want to share our hard-earned knowledge with you to make success easier for you to achieve. "This

book is extraordinarily fresh and exciting. In an accessible, straight talk fashion, this book is a manual, and an inspiration. The Startup Playbook is smart and avoids the 'I am so smart' over-writing endemic to the genre. Read this as it is presented. You'll be doing yourself a tremendous favor." —Amazon Reviewer

## **REVIEW OF DALF C1 ACTIVITES MP3**

- Many books I buy are to keep my gradeschool grandchildren interested in learning. Thus it was with this one. Every page is a full page, quality, color photo of fish that are unusual to our every day lives. The children loved it and have spent hours with it. It is also fasinating to adults and their parents and myself have poured thru it again and again. Fish Face would also make a good coffee table conversation piece. There are no age limits to book. Everyone will benefit from it again and again.

- I purchased this book for my 9 year old son as a companion book to several astronomy and constellation guides he requested for his birthday. He completely devoured it in three days - the illustrations are bold and the stories are dramatic/gruesome enough to capture his interest (without being too horrible or nightmare-inducing). We are finding that knowing a bit about the legends behind the constellations makes stargazing that much more enjoyable. I would recommend this book for boys and girls 8-10 years old, although I admit I enjoyed reading it, too!
