REVIEW OF NATIONAL GEOGRAPHIC SCIENCE OF EVERYTHING HOW THINGS WORK IN OUR WORLD

- This has to be the best of all of the Redwall series. I absolutely loved this book the first time I read it. You get so involved in it's storyline and the characters' and their journeys. This is great for a first time Redwall reader or a veteran reader. It's wonderful in any way. Martin the Warrior was pictured as an ancient hero is Redwall but this book chronicles the events of his journey through the vastness of Mossflower to save it from the Wildcat Queen Tsarina. New areas of the land are explored in Mossflower that weren't in Redwall and (oh my!) there IS no Redwall Abbey. This book takes place in a time when there was no safety and the higher power was of course the evil power. But there's always someone who will stand up against that power....

- I have read all of the Redwall books, besides Taggerung and Triss, and this is definitely my favorite. Also upon reading all of the other books i have noted that the plot is different. Another book like this is Lord Brocktree. It is probably this way because there is no Redwall yet, and the good guys are actually attacking from the outside instead of defending. Anyway this is definitely my absolute favorite Redwall story and probably my favorite book. Read it! Mossflower rules! PS Brian Jacques will never lose his style like some believe!!!
