REVIEW OF ZOO PEEK A FLAP BOARD BOOK

- While I am sure that many people will point to Shane as the classic young adult novel of the American west, there is no reason it should be limited to young adults. This is a simple story, beautifully told, with characters of depth and subtlety and classic themes of good vs. evil, might vs. right, and living with the consequences of your actions. The narrative has an amazing, quiet grace, with scenes that will stand out in your mind well after you have finished the book. And the point of view gives the events that transpire a depth and clarity that could easily have been lost from a different perspective. Highly recommended to all. Donald J. Bingle, Author of Forced Conversion.

- It provides good information how decision are made at the executive level. It is not the kind of book that I could not put down, but when I had time i enjoyed it.
