relatable characters, and story twists make it a rewarding addition to your shelf. So, if you're searching for a fascinating read, Cinder Filetype is definitely worth taking into consideration.

REVIEW OF CINDER FILETYPE

- Ever wonderd who or what was at the centre of the universe? heard of gurus living gods and sweet mothers but never found anything compact enough or enjoyable enough to read ? Well then this is for you. A mystical, enlightening and down to earth account of one mans journey through the spiritual extasy and quagmire ,that is the east. you can almost smell the incence filled ashrams he descibes, giggle at the more excentric manifestations of the gods of the east and read in awe as the description of darhsan, with the lamas and sias he has met!

- This book is fast paced and really easy to read. You'll be in the plot almost all the time and also you'll learn something about the Navajo culture. The plot is not quite thrilling and it repeat itself about the slaying of a police officer in 1998 so because of this you'll have many inklings about the book's end. The end is a little lame but you'll have a good reading with this one.
