## REVIEW OF FALSE MEMORY A NOVEL DEAN KOONTZ AMAZON CA

- Few writers can weave a plot with random, seemingly unrelated events in one setting and yet something about the book still touches a part of you, no matter who you are. Steinbeck did just that in *Cannery Row*. In *Cannery Row*, bums with the hearts of angels unintentionally cause mayhem, a good-natured Doctor reflects on life as it is for all of us, for we all have had some experience like that the Doc's. The main characters are loveable and warm people, and Steinbeck's wonderful description puts you right on the quiet streets of *Cannery Row*, puts you in the shoes of a Chinese clerk, in the shoes of a lonely man, in the shoes of respectable whores. There is a little piece of everyone's life in *Cannery Row*.

- John Steinbeck had a remarkable talent: he could take the everyday man and woman we all know that we see every day, and capture them perfectly on paper and so amazingly bring them to life. Steinbeck never made these people more than than they were, he never imbued them will "superhuman" characterizations, and yet, he made them larger than life and their struggles unforgettable. Steinbeck's talent is truly realized in "*Cannery Row*." *Cannery Row* was the name (and was eventually formally given in the 1950s) commonly used for Ocean View in Monterey. It runs right along the shore, and during its heyday (the time this novel was written) one fish cannery after another was located there. When the ships came in with they catch of sardines, the workers would go to work in the canneries canning the fish. The place was known as a bit rough and tumble, with employment dependent on fishing in the Pacific. John Steinbeck spent time here - as he did in so many places in California. And, as he seems to have done, studied the people who inhabited the area known as *Cannery Row*. He has captured those personalities here, and takes the reader along for the journey. And that journey is at once sad and sweet and poignant and amusing and confounding. And the host of characters is one not to be forgotten: Doc - a man of melancholy who still finds it in his heart to be kind to all, Lee Chong - shrewd businessman of the local grocery/dry goods store who still has a heart, somewhere inside of him, Dora - madame of the local "house of ill repute" who takes care of her girls as well as her customers, and Mack & the boys - ne'er-do-wells and bums who have managed to slack through life but one just cannot work up the energy to dislike them. As the stories of these individuals weave together and back and forth, the reader can see a community, of sorts, and realize that, no matter how desperate one's situation becomes, people need to feel connected in some way. This novel is, quite simply, beautifully written. It does appear to wander, as the novel is not told in linear fashion, but it is so very easy to get totally swept up in the stories and complexities of these individuals lives that the reader is thankful to Steinbeck for letting us wander with him. Who can argue that Steinbeck was indeed a master?
