REVIEW OF PEERS INC

- A must read book. Not the best in the series, but deffinatly worth the time to read. Robert Jordan continues to amaze me. After I was done with The Fires of Heaven I quickly started The Lord of Chaos and stil can't put that one down.
- Editions abound of 22-year old Rudyard Kipling's 1888 collection of 14 Anglo-Indian short stories, WEE WILLIE WINKIE AND OTHER CHILD STORIES reissued and revised by the author in 1895. You should rejoice if the edition you are perusing (like mine) is PENGUIN CLASSICS, edited by Hugh Haughton. Its 52-page Introduction gives the Anglo-Indian working context of Kipling's last of

"seven years hard" as an assistant editor of two respected, jointly-owned newspapers for the British in India: soldiers, civil servants, merchants, tea planters, traders, schoolmasters and their wives. Somehow the young newspaperman made time for an impressive collection of poems and short stories published in India before he left it in 1888 for travels in North America en route to a full time writing career in 1889 London. Kipling persuaded even younger Émile Moreau (1877-1959) French author and co-founder of India's bookstore chain A.H. Wheeler & Co. to publish before the end of 1888 his selected poems and prose to date in the first six pamphlets of the newly created Indian Railway Library. These collector's items were illustrated by Rudyard's learned

father and artist John Lockwood Kipling. Moreau advertised Kipling's collections as "illustrations of the four main features of Anglo-Indian life, viz., the Military, Domestic, Native and Social."-- We meet Mrs Lucy Hauksbee, a recurring character, as one of many old and young "grass widows" (i.e. British women married but with husbands conveniently absent) who populate Simla, British India's summer capital at 7, 000 feet altitude in the hot season). Her self-assigned missions in life include polishing the rough edges of young male admirers, telling her best girl friend and slightly more charitable bungalow mate Mrs Polly Mallowe what is wrong with all the other women in Simla, especially the way they dress.-- We catch glimpses of Kipling himself roving around India from

one nasty dak-bungalow (government mail ("dak") overnight quarters for men traveling on official business) to another, encountering a ghost and at other times meeting fellow Masons like Peachy Carnahan and Daniel Dravot (in "The Man who would be King").-- We encounter a soldier who falls into a giant unclimbable pit on the banks of the Sutlej river populated by native Indians who were thought dead (usually of cholera) but found not to be so at the burning ghats and dumped unceremoniously over the edges. Why not wade simply across the river?

Guards would shoot you. Or quicksand would suck you under.-- Men and women go mad, die or linger in guilt till they die -- miserably.-- Young boys from five to 14 (including (a) a colonel's young son nicknamed "Wee Willie Winkie," and (b) an abused Rudyard Kipling and younger sister Trix in "Baa, Baa Black Sheep") do things to make them grow up quickly in England or in Queen Victoria's Anglo-Indian Raj. Two of them, a drummer boy and a fifer, courage imbibed from a bottle, lead a panicked regiment back into victory over Pathan warriors during the second Aghan War. A great read. Don't miss WEE WILLIE WINKIE!-OOO-
