Overall, our evaluation of Matriculation Mathematics Semester 1 Notes has actually offered us with a rich understanding of the story and its literary potential. We very advise this book to visitors who are trying to find a thought-provoking and emotionally impactful read.

### **REVIEW OF MATRICULATION MATHEMATICS SEMESTER 1 NOTES**

- I can't begin to figure out how Mr. Early could understand what it was like to live on a farm in the mid-south in the early 1/3 of the Twentieth Century. But, not only did he understand - he understood well enough to tell this compelling story from the point of view of a young boy. Buy this book. You won't regret it. Make sure you put your name on it, because you will want four or five people to read it and it will get passed around. My only comment is that the black characters in this book come off as benevolent and kind and slightly less than real: Almost ghostly. However, that is how a sheltered ten year old might see those who weren't part of his everyday life. The sunny life of this young boy is always edged by the harsh reality of adult life. Illness, death, violence towards people and animals and the reality of winning often isn't really winning in life. I hope Mr. Early continues with his novella output. I found his book of short stories to be disappointing and thus was glad to read "Jim" - It's nice when literary and popular opinion merges like a jetstream over one good book.

- This was a touching, heart-wrenching, yet also inspiring account of a real Japanese American family. The author took us through the daily, normal and even mundane early life of these children, so that as the terrible events of World War II unfolded, the reader could see the nonsense and horror from their point of view. The treatment of Japanese Americans by friends, neighbors, fellow citizens and our own government is inexcusable.
