REVIEW OF TRANSMISSION LINE AND WAVEGUIDE BY BAKSHI AND GODSE PDF

• "Forgotten" has got to be the best so far in the entire Jennie McGrady series. I first started reading these when I was 11 I am now 19 and although this may be a little old to be reading them I think they are a great series especially considering the disgusting rubbish that is around these days for teenagers. The books are a good clean exciting christian read. "Forgotten" had that extra element of

excitement and interest for me the idea of making Jennie lose her memory was a really good idea and kept u on the edge of your seat. It also gave me an insight into what it must be like to lose your memory especially when she was trying to remember her family. I really hope that Patricia continues this series. An excellent read!!!!
