REVIEW OF FACTORING TRINOMIALS GUIDED NOTES LAURENS COUNTY SCHOOLS

- The other reviewers have admirably summarized this book. It is a wonderful compilation of current thinking on the history of the Americas before the Europeans. One thing that I would like to add to the reviews, is the wonderful writing of Mr. Mann. He writes so well that without any effort on your part ,you are drawn into a subject that could have been very dry. I could not put this book down.Bravo Mr. Mann.

- I am enjoying this history book slowly and savoring it in bits. The narrative is chuck full of information and detail, The discussions are quite visual if not overlong at times. Extensive research has certainly made its mark in this extensive series of books.
