REVIEW OF ROMAN BRITAIN OXFORD HISTORY OF ENGLAND

- Extremely well written, easy to grasp, and absolutely mesmerizing. Read this book to learn about this new discipline, and to change the way you view the world of computers. Anyone who considers themselves a serious designer must now as well become fluent in Captology! Luckily for us B.J. Fogg is here to show us the way.

- Now I know why C.S. Lewis loved this book so much. Sometimes the book is hard to read but other than that is great for the Christian Apologetic. It is a great feeling to know that G.K. Chesterton converted to the Catholic Church shortly

after C.S.Lewis died. C.S. Lewis also, in my opinion, would have converted to the Catholic Church given more time(Considering his belief in Purgatory and other Catholic beliefs), they are both one of the greatest christian minds in History. Read C.S. Lewis "letter to Malcolm" and the "Abolition of Man", and "The problem of Evil" to see other great Christian apologetics.
