## REVIEW OF OXFORD EAP UPPER INTERMEDIATE B2 ANSWER

- I love these books. This is the second in the Alex Delaware series, but I haven't read them in order and I've already read a half dozen or so. I love Alex, but sometimes he's so infuriating! He's completely incapable of minding his own business and he seems to think he's indestructible. Poor Milo tries to reign him in, but it's a losing battle. Alex walks - or skulks - right into these things knowing full well that if he's caught, he's dead, but he does it anyway without bothering to wait for professional help. If you're going to walk into a dangerous situation, bring the big burly guy with the gun along with you! Still, it's exciting, and, of course, there'd be no story if Alex was cautious. Psychologist Alex Delaware gets involved in this situation because his old boss, Dr. Raoul Melendez-Lynch, calls him in to help with a particularly sad case. Five year old Woody Swope has a cancer that was caught early enough it could be completely cured, but his backwoods family are refusing treatment and the gruff head of the Oncology Department is losing his cool. Alex agrees and meets with the bright young boy, but before he can meet with the family, Woody is spirited away and they have all disappeared. Alex goes digging. At first because he is genuinely concerned for the boy, but also because he hates to leave something unfinished. His girlfriend Robin is away in Japan, so he has nothing better to do anyway, and when someone tries to kill him, it becomes personal. His pal, LAPD detective Milo Sturgis, is away in Washington, DC, so Alex has a flimsy excuse for going it alone, but you know he would have gone snooping alone anyway even if Milo was around. Once again, he almost gets himself killed. You'd think he would have learned after spending months with his jaw wired shut last time, but the man has an insatiable curiosity and a penchant for breaking and entering. (Have to wonder why he isn't arrested himself for that). It's a pretty dark and twisted tale of cults and drugs and rare fruits and I couldn't put it down till I'd read the last page. I only wish Milo had been around more. One thing I'm kind of curious about - just how is it that Alex can recognize such substances as Mexican heroin, raw opium and hashish when he sees it? I mean, that wasn't taught at my grad school. Then again - UCLA in the 70's ... Yeah, maybe it's not so unusual after all.

- Great info on bread machines of all kinds, as well as ingredients you will need. Great recipes for all kinds of breads, doughs, etc. Pizza doughs and hamburger buns are marvelous...focaccia bread...YUM!!!
