REVIEW OF SPRING BREAK PACKET 7TH GRADE ANSWERS

- I am currently undergoing CNE and MCSE training at a technical school. I had no knowledge or experience with Networks prior to reading this book. However, this no nonsense, just the facts introduction to Networking helped me to glide right through my first three months of training. I would definitely recommend this book to anyone who has no prior knowledge of Networks but would like to learn quickly.

- Safekeeping is in my new favorite book. I don't even remember why or how I picked it up - maybe because of the woman's face on the cover (I have the older version). I read a lot and I have been savoring this book for about two weeks now. I don't want it to be over (I have one chapter left). It's not the sort of memoir you want to rush through. The writing is stunning. I love authors who know how to articulate the small joys and heartaches in life and Abigail Thomas does that so very well. Do not miss this beautiful book.
