REVIEW OF MICHAEL MCCARTHY DISCOURSE ANALYSIS

- eBook downloaded free from Gutenberg. Collection of short stories featuring mostly family events. While some of the stories had mildly amusing endings, none were particularly interesting. I got halfway through, thinking there would surely be a gripping storyline in here somewhere. There wasn't, and I quit. The title had NO connection to anything in the book. There were some minor spelling/grammar errors but nothing major.

- I normally don't write book reviews, but I couldn't help but do it for Past Imperfect. Although there were a few scenes that offended my sense of morality and decency, the overall story was incredibly well written, the characters were very believable, and the twisting plot kept me riveted well into the wee hours of the morning. I couldn't put the book down. I highly recommend this book.
