Workbook Uned By Mark Foley is certainly worth taking into consideration.

REVIEW OF TOTAL ENGLISH AVANZADO WORKBOOK UNED BY MARK FOLEY

- This book was a really fun book to read. The science parts(a star exploding because of carbon currents in space) weren't all that interesting or complicated, but the political frenzy is everywhere. Every man seems to be suspected of being the mysterious criminal "X", but the one that is not suspected turns out to be the criminal- and for different reasons than anyone would imagine. But all that hassle about the criminal sidetracks them from the matter of real importance- the universe's most valued world, Florina's imminent destruction by the explosion of a prenovae star. The only way to find out how this breathtaking mystery, political and suspense masterwork by Isaac Asimov ends is to read the book- or buy the Kindle version, like I did.

- John Webster's play "The Duchess of Malfi" is a violent play that presents a dark, disturbing portrait of the human condition. According to the introductory note in the Dover edition, the play was first presented in 1613 or 1614.The title character is a widow with two brothers: Ferdinand and the Cardinal. In the play's opening act, the brothers try to persuade their sister not to seek a new husband. Her resistance to their wishes sets in motion a chain of secrecy, plotting, and violence.The relationship between Ferdinand and the Duchess is probably one of the most unsettling brother-sister relationships in literature. The play is full of both onstage killings and great lines. The title character is one of stage

history's intriguing female characters; she is a woman whose desires lead her to defy familial pressure. Another fascinating and complex character is Bosola, who early in the play is enlisted to act as a spy. Overall, a compelling and well-written tragedy.
