REVIEW OF DEUTZ 912 913 ENGINE WORKSHOP SERVICE REPAIR ENGLISH DEUTSCH FRANCAIS ESPANOL

- One of my favorite books ever. Probably the best science fiction novel you'll find. Exciting. Not difficult to read yet also very deep. I've read this four or five times over the last decade and it is still great. Read this.
- This book has an incredibly slow start. I wasn't until about page 92 that the story actually got a bit interesting. This book made me remember why I don't read Stephen King. It was just out of desperation, and the fact that I didn't have another book with me that I actually continued to read it. If I hadn't spent \$20 on it, I would have gotten rid of it.
