## **REVIEW OF ISO LEAD AUDITOR EXAM QUESTIONS AND ANSWERS**

- I wish people, eager to pronounce their faith in a god, would follow through with the necessary implications if it were true. Christopher Hitchens tellingly criticizes Lewis for being

unable to complete a syllogism, and he is right on the mark. "Obvious" that the possibly fictional character of Jesus is not a madman, hence, the claims of the New Testament must be true? (Not much help in deciding between the competing claims.) If you accept that as logical, you can love this book without bothering to read it. Reading this book will waste precious hours of your life that you will never get back. If you had to choose between sitting through one of the atrocious movies based on his inane books, or reading this tripe, it would quite literally be a toss up. You will be more intellectually stimulated by thinking about this gem, from the late great Kurt Vonnegut: "I was the victim of a series of accidents, as are we all."

- I bought this collection as a Christmas gift. It arrived promptly, as the seller had said it would. The boxed set looks great --- I can't wait for my husband to open it!
