REVIEW OF METRO GOLDWYN MAYER DAILY SCRIPT

• This playful and imaginative book is about an elephant that comes across a bird that is extremely stressed and does not wish to sit on her egg anymore. So Horton decides to sit on the egg so the bird can take a break. Well the bird ends up taking a tropical vacation and doesn't want to return. Well Horton very patiently sat on the egg through sleet and rain and the most horrible conditions. Well some people decide that this is a hilarious site and feel that he should be on display for all to see. So the men dig up the tree in which Horton is patiently perched and is taken down south. When

Horton and the tree reach the south the mother bird finds Horton just as his egg starts to hatch and she demands it back. Horton is very displeased and states that he did all the work and deserves the egg. Well just as that was said out of the egg jumps an Elephant bird, which is a trophy for all Horton's hard work. Dr. Seuss yet again did a wonderful job with rhymes and engaging children to read. I love the moral that was being put into place that if you work hard and stay focused then it will all pay off and you will be rewarded in the end. This is one of my favorite Dr. Seuss book if not my favorite. I have always been a fan of his ability to draw children in and engage them in reading. Also the rhymes and silly words are great for young readers. Also what better then to have a moral tied along with it?

• Let me put it like this. I used this book a week before the SATs, essentially skimming through it, but making sure to get the gist of it, and it improved my score by 100 points. I bet that if someone takes time with this book and works continuously with it, then they will find great help in it. This is truly one of the best test prep books I have ever read. A must Buy
