REVIEW OF SOLUTIONS MANUAL FOR A FIRST COURSE IN DATABASE SYSTEMS 3 E

- I found this book under the Christmas tree. I read it and LOVED it!!!! I flew right through it! I think the author has a wild imagination. To me, (now I AM just 11) it got sort of complex at times. Other than that, it has made its way up my favorite book list to the top! This is a GREAT book that is great for reading on rainy, boring days! This is a must read for sure.
- Eragon starts out being a normal boy

until one night when he's hunting in The Spine and he finds a rock that turns out to be a dragon egg. Soon he becomes a dragon rider and goes on an adventure

with Brom to avenge his uncle's death. I liked this story because it's fantasy and has the things I like, such as magic, warriors, and dragons.(A.C.B. age 9)
