With this info, you prepare to embark on amazing literary experiences through the simple act of downloading The Journal Of Curious Letters 13th Reality 1 James Dashner. Pleased analysis!

### **REVIEW OF THE JOURNAL OF CURIOUS LETTERS 13TH REALITY 1 JAMES DASHNER**

- I would give this book four stars out of five. This is because the book is good with all the twists and turns, you don't know what's going to happen next. But the book is so long that the author spends too much time trying to describe places or towns that the book starts to get boring. I couldn't say that I was surprised at most of the events that happened in this book. He should of put a few random twists and turns. So this book is ok. The book starts in a place called Middle-Earth, a dark lord called Sauron created a ring, which had the power to destroy the world. Now Frodo and Sam have that ring and are on a quest to destroy that ring. This book was created by a man named J.R.R. Tolkien. He was born in Bloemfontein, South Africa in 1892. His father died during his childhood. After school, he joined the army. After that he found his wife and started the Lord of the Ring books.

- Chad Rodgers The Return of the King The Return of the King, part three of The Lord of the Rings trilogy is one of the best books I have read in quite a while. In this book Frodo and Sam are approaching the conclusion of their long and exhausting quest, but Gollum is tight on their trail. Merry and Pippin have been estranged into two different kingdoms. Pippin is a warrior, who serves to king Théoden. Merry is a servant to the steward of Gondor. Aragorn has a major decision to make, and is on his perilous journey back to Rivendell, because of Arwen. I think that this book is very well written, and has a lot of complex words that can improve the readers vocabulary. The Return of the King is the third in its trilogy, and I think it would be a lot easier for the reader if he or she read the first two Lord of the Rings books before reading on to the third. This book was very exciting and I think that it is one of the greatest epics of our time. I also think that this is the best book out of the three Lord of the Rings books. Over all this is a really great book. This book took me quite some time to read and I think that a more skilled reader would be able to go through it and enjoy it more resourcefully. I also think that guys would be more interested in this book because there is a lot of fighting and warfare involved in it. I would recommend it to high school aged people because it is really a complicated book to read. Anyone who has enjoyed books about warfare or fantasy would take pleasure in reading this book a great deal.
