#### **REVIEW OF REQUIREMENTS ENGINEERING FUNDAMENTALS KLAUS POHL CHRIS RUPP**

- Puss in boots is always an enjoyable tale, probably because it is so based on wit. I really enjoyed these illustrations they are glowing and friendly, making one feel very comfortable as they turn the pages. Puss is adorable, the expressions that our fine illustrator manages to convey through his feline features are just fantastic! Time and time again I was always dissatisfied when I found a page that the lovely cat was not on. A wonderful addition to any collection of books for children or lover of fairy tales.

- Dr. Zoglio's book proved that at mid-life, I have just begun to live! Life is new and exciting and fun again! What a wonderful place to be in my life. After reading Dr. Zoglio's book, I was inspired to attend her seminar. As we explored our goals and inner thoughts, I realized I have trained all of my life for this wonderful new chapter opening before my eyes. Thank you to Sue for this positive and spiritually uplifting gift!
