## REVIEW OF PHILIPS MP70 MANUAL

- This novel brought tears to my eyes....of boredom and disgust !I can't believe that they have been touting this book as one of the greatest of American literature. It is about a twenty-something guy who is married with a son. He used to be a star basketball player and now, caught in a love-hate marriage and a dead-end job, the banality and drabness of his life is getting to him.Interesting so far, isn't it ? But Updike makes a mess of a promising plot. Here is what happens....our hero decides to run away from his family, his job, his friends, everything.....he gets into the car and intends to drive someplace far away. Ah, one thinks....a great American road trip

is in order.....but no such luck. He returns to his town the same night, settles down with a prostitute, and when his wife is about to deliver a baby, goes back to her, again gets tired of her, goes back to the prostitute but is not sure if he should abandon his wife, and runs again.Sounds stupid ? It is.And the writing is tortuously slow and maddeningly muddy. It seems that Updike wrote this novel to please his literature teachers who would prefer form over substance. He writes these long paragraphs without punctuation apparently trying to describe and mirror the random thoughts of his characters....trying to evoke a stream-of-consciousness feel about these passages but fails miserably. Such passages only make the book even more tedious and

ambiguous. Here is an example of what has been called Updike's 'Crystal-clear prose': "And further inside, so ghostly it comes to him last, hangs a jagged cloud, the star of an explosion, whose center is uncertain in refraction but whose arms fly from the core of pallor as straight as long eraser-marks diagonally into all planes of the cube." And if you guys want an example of Updike's cute punctuation, here are the last few words of the novel: "...he runs. Ah: runs. Runs." Updike, like all bad literary-wannabe authors, keep describing the weather, the food, the scenery with great, tear-inducing meticulousness but doesn't develop his stereotypical characters even one bit during the course of the book. This garbage is not worth anybody's time and is a good

example of why such so-called literature doesn't interest the masses. This is pretentious writing without even the slightest hint of talent or creativity. Two thumbs-down !

- Harry "Rabbit" Angstrom was a high school superstar only a handful of years ago. Now he is a young married father, trapped in the suburban 60's, unhappy with a cluttered house, a drunken wife, and a son who will never be the athlete he was. Will this former basketball star find a way to make his life better, or will he run like a rabbit? The title says it all and Harry Angstrom does indeed run whenever things don't go his way. Leaving the house to pick up his son, he impulsively drives from his Pennsylvania home to West Virginia. He wants to run to the sunny shores of

Florida to live the life he feels he deserves. Surely a man like Rabbit deserves more in life, or so he imagines. Unable to complete this journey, he runs to his former coach, a tired and washed-up man who introduces him to a part-time prostitute. Rabbit moves in with Ruth that very night and they begin a relationship they flaunt and thus humiliate his very pregnant wife and both sets of parents. Is there an ounce of unselfishness in Rabbit? The reader may think so when he returns to his wife the night she goes into labor. Their reunion is bittersweet and because in large part of Rabbit's inability to see beyond his own needs, their reunion burst apart in a senseless tragedy that is horrific but so beautifully written the reader is glued to the page hoping against hope this

terrible thing is not happening. Will Rabbit be able to grow up and realize he is no longer the high school hero? Will he be able to comfort his wife, to provide a home for her and his children? Will he forsake Ruth, the hooker who accepts him as he is but is now pregnant with his child? In which direction will Rabbit run this time? In addition to the novel's main character, Updike gives us as fine an array of secondary characters as can be found anywhere. He elevates Janice and Ruth so that they are not stereotypical "bad wife" and "good-time girl" but sympathetic characters the reader can relate to. Most notable among the secondary characters is the minister, Jack Eccles, who takes upon himself the task of saving Rabbit. He becomes Rabbit's friend and marvels at the

paradox of this character. For example, after spending the first night with Ruth, Rabbit has the need to go home and get clean clothes as he cannot function unless his wardrobe is clean and pressed. The minister inquires, "Why cling to that decency if trampling on the others is so easy?" Thus lies the paradox of this restless anti-hero, one the reader cannot admire but cannot help but root for and not turn away from. It is this same minister who so succinctly sums up the essence of Rabbit when he lambasts him later by saying, "The truth is you're monstrously selfish. You're a coward. You don't care about right or wrong; you worship nothing except your own worst

instincts." And therein lies the crux of Rabbit's character. The novel's second half is quite intense and on finishing it there is no way I could leave Rabbit and the supporting characters behind. I had to know what happened, so immediately began the sequel RABBIT REDUX, the second in the four-part Rabbit series. I admit that had I read this when it was first published I would have been let-down by the ending since I like tidy conclusions. Waiting 11 years to find out what happened to Rabbit would have been an eternity. I could barely wait 11 seconds, so I'm glad I discovered these books and Updike only recently.
