REVIEW OF SEARS AND ZEMANSKYS UNIVERSITY PHYSICS 10TH EDITION STUDENT SOLUTIONS VOLUMES 2 AND 3 IN ONE VOLUME

- If any book deserves more than a five star rating this (as well as its sequel, "Reporting World War II Part Two: American Journalism 1944-1946") is it. Attractively bound, compact and very readable, this volume is Part One of a two-volume set which provides an incomparable overview of World War II, as it was experienced by our parents' and grandparents' generation. This is not just another book about The War and the Big Names who create and control Events. It is above all a book about ordinary people and for ordinary people, who find themselves caught up in positions not of their choosing. Some are victims, some are heroes, some just watch and wait, but most are small pieces in a Big Picture they can barely comprehend. Unlike the usual histories of World War II, which have been written long after the fact and with the benefit of hind-sight, this superb collection, arranged in chronological order and using newspapers, magazine articles, radio broadcasts, diaries and photographs from the great journalists of the day, allows us to follow the events - at home and abroad -- as they happened. We all know how events turned out, but this book takes us back to that time, with an immediacy, an uncertainty and an irony, to what it was like to be alive during this immense, all-consuming, mid-20th century, global conflict. Beginning with William Shirer in the Munich Conference of 1938 which handed the Sudetenland over to Hitler, then in Berlin on September 1, 1939 reporting on the German Invasion of Poland, and later, at Compiègne for the

surrender of France in 1940, these are some of the high-lights: Sigrid Schultz in Berlin on Kristallnacht, November 9, 1938; A J Leibling in Paris and Virginia Cowles fleeing Paris before the German advance; Edward R Murrow broadcasting daily from London during the Blitz; C L Sulzberger from Athens (also soon to fall) on the German invasion of Yugoslavia, April 1941; and Margaret Bourke-White on the Russian Front in 1941; The New York Herald Tribune prints Roosevelt's war message on December 8, 1941 as "America declares War"; Husband and wife team -- Melville Jacoby describes the Japanese attack on the Philippines, December 1941, "War Hits Manila", and Annalee Jacoby records the heroism of "Bataan Nurses" under fire; Raymond Clapper provides a "Pearl Harbor Post-mortem"; Ernie Pyle is on the spot in London, North Africa, Sicily & the Italian campaign; On Christmas Night 1941 Cecil Brown sends a cable from Singapore on the "Malay Jungle War"; Jack Belden describes "Stilwell's Retreat Through Burma", May 1942; Brendan Gill is on the US Home Front in 1942, "Rationing"; "A Vast Slaughterhouse", a report of the extermination of Jews, appears in the New York Times, June 1942 - a harbinger of the horrors to come; E B White follows Dorothy Lamour to Bangor, Maine for a "Bond Rally"; Roi Ottley, George Schuyler & Deton Brooks report separate incidents of racial discrimination including the murder of black soldiers in the US; John Hersey is at Guadalcanal, October 1942; John Steinbeck joins a troop ship to Salerno, September 1943; Edward Kennedy reports on the infamous "Patton Slapping Case", November 1943; Martha Gelhorn visits the RAF Burn Centre, 1943 in "the Price of Fire"; War correspondent Richard Tregaskis with the troops in Italy reports on himself getting shot; and Gertrude Stein writing from Occupied France in 1944 is "Tired of Winter Tired of War." This volume concludes in the spring of 1944 as the tide is turning in Allied favour. I highly recommend this book and its sequel. Most of the articles are less than six pages in length, which makes them ideal reading for those time-wasting intervals of life - check-out lines, doctor's offices and waiting for buses. I guarantee the time will whiz right by!

• SPOILERS TO THE MAX. DON'T READ THIS IF YOU DON'T LIKE THEM. This seems to be universally seen as a good Christie mystery but not one of her best. Charles Osborne says as much in his introduction to the Kindle edition. So let's give it the four stars Christie's genius deserves and then talk about Christie in general. I read this book first when I was ten years old, and I remember the trouble I had and how the book seemed to swell, collapse and start leaking pages, as if it were just as upset as I was. When you're ten years old and have the leisure time to read Christie mysteries, you don't really understand people killing one another over an inheritance. But even now that I'm older, I'm a little troubled by people who kill one another over an inheritance THEY DON'T GET! Darn! I killed her but she had changed her will! Oh, well. I guess I'll just have to kill someone else. I

can commit the perfect murder any time I want to (if it weren't for that darned Poirot, no one would even suspect there WAS a murder) but I'm always so careless about checking how the will reads. Okay. Let that go. When I was ten, I foolishly thought the point of the books really was to figure out who committed the murder. If you read on that basis, you will be bored out of your mind and still not figure out who did it. Or even if you do figure out who did it, that will be because you read one page closely, and God help you if you read the other 200 pages that closely, because clue-hunting isn't worth that much effort and the other 200 pages have no important clues in them at all. No. You read a Christie mystery in order to get character sketches of middle-class Englishmen who live on inherited wealth, mixed in with a few "paid companions" and similar lowlifes. In this book we have an abused spouse, painted as thoroughly as anyone could wish, who turns out ... NOT TO BE ABUSED! In other words, Christie has her cake and eats it too, in the meantime preaching (softly) a rather ugly sermon: if you complain about being abused, maybe it's because you're a murderer. It's certainly not because you're abused; I just put that in to fool the reader. Meanwhile there's the fill-in around the murder story: guys who steal money out of drawers, or blow all their income going to foreign night clubs, and who are there just to make their scenes interesting. If they weren't crooked, we couldn't suspect them, but since they aren't the ones who did it here (in the next book one of them will be the one who did it), we just have to get max fun out of how crooked and suspectable they are. Christie even says one of them has no moral sense, but is totally charming -- and everyone in the book agrees and likes the guy even though they all know he's a thief who has been in police custody! Meanwhile foreigners are sinister and untrustworthy by definition even though they AREN'T thieves. You see how important it is to be English? And this stew, or brew, of suspects and fake spousal abuse, is told at such an immense distance, and in such a mild way, that you have to work yourself up to care what is happening. Hastings, the Watson of the story, doesn't even believe there has been a murder till the book is three quarters over. The rest of the characters, WHETHER THEY HAVE MURDERED ANYONE OR NOT, spend all their time sitting around wishing the inheritance had gone another way. It ain't exactly Jane Austen: Jane Austen would have made fun of the characters' greed and self-obsession, but Agatha Christie can't make fun of the only thing that keeps her plot going at all: the readers' sympathy with the characters' greed. Like the vast majority of Christie mysteries, this is elegant, cleverly plotted and slow-moving, with a clumsy elegance based on everybody being well-off to begin with, and greedy on top of that. I'm glad I've read most of Christie. As far as I can see, that shows I have more reading discipline than an expert on Shakespeare needs.
