REVIEW OF DRAGON MAGAZINE COMPENDIUM

- The mix of nature, history and good writing is perfect. Find a comfortable chair, put your feet up, and settle in for a good read. When you get to the last page, try *Cracker Childhood* or *Bullough's Pond*.
- A reader totally unfamiliar with data warehousing could read this book and come away with a good understanding of the datawarehousing world. The portion that covers the actual Microsoft tools and dialogues is not very detailed, but I guess one could look at a more detailed book for the specifics.
