## REVIEW OF ANALOGUE ADDRESSABLE FIRE ALARM CONTROL SYSTEM MAVILI

- I had always intended to read this book and finally ordered a copy from Amazon. As I proceeded to read it, I was often amazed at the quality of its writing and perceptions. I find it hard to conceive how a woman with the constraints of her day, including those of family, travel, and research sources could have produced a book that still shines forth with freshness and articulation. I was prepared to find it rather stilted and time-worn but found it a compelling and most enjoyable read instead.

- "The author Laretta Ali gives a chilling and heart wrenching insight into the foster care system, the people who work for it, the children, the foster parents and the birth parents." "What Lenora, her brother Harold Jr. and other children mentioned in this book endure leaves you with a sense of rage at what often happens to these children. Sorrow for the ones that have no one to rescue them, and relief for the children that make it out of the system." "As painful as this book is to read the real tragedy would be in not reading Survival Of The Fittest... and feeling compelled to make a difference in at least one child's life."-- Michelle Brand, B2M Book Reviewer
