And if you ever before require aid finding the excellent publication, our experienced personnel is here to supply customized suggestions.

REVIEW OF PLAN B WHAT DO YOU DO WHEN GOD DOESN'T SHOW UP THE WAY YOU THOUGHT HE WOULD

- When I was ten years old I was introduced to the world of Middle-Earth by an older friend. I had to struggle through the section of the book that describes hobbits and their habits, but the story that followed made the struggle worthwhile. Every lover of fantasy owes a great debt to Tolkien -- his success, both literary and commercial, made the fantasy genre

viable. If this story seems too familiar it is only because every fantasy writer since "The Hobbit" was published in 1937 has drawn from the well of Tolkien's creativity and imagination. Now my son is ten years old and I am a proud father to be sharing this timeless classic with him. Like many other readers I preferred the "Lord of the Rings" trilogy, but reading this book first enables the reader to truly mine the depths of the masterpiece that follows. Brian Jacques and Piers Anthony have learned well at the foot of this master, and if you enjoy

their work you need to go back to the beginning with "The Hobbit." While it is clearly a children's book, the depth of meaning contained within "The Hobbit" spans all ages. P.S. If you are a parent who is concerned about the pending demise of the English language turn your children on to something that doesn't have an "on-off" switch. This book will kindle even the most dormant of imaginations!

- Always enjoy Tolkien. In anticipation of the new movie, I have reread this and enjoyed it once again. A must read!
