REVIEW OF PROFESSIONAL ENGINEER EXPERIENCE EXAMPLE

- Being a man, I can tell you from personal experience that this is exactly NOT the way you should behave if you are looking for a sensitive and caring man. Do unto others as you would have them do unto you. I've dated several women who were like this and dropped them very quickly. This book is absolutely ludicrous.
- I picked up the book at an outlet store, since I recognized the author from movies based on his novels. I read the short stories in random order. The book's a journal in the truest form. It captures the essence of the author's experience. But, don't just take my word for it. It was M. Crichton's favorite book to write. For a personal life perspective (a.k.a. travels/autobiography), this is as good as it gets!!!! I'll cut myself short, before this sounds like a shameless promotion. . . . Please (save a tree) and check it out from the local library. ((See I'm not in sales.))
