REVIEW OF CONTEMPORAR Y BUSINESS

LAW HENRY CHEESEMAN

• I'm writing from a point-of-view that belongs to the 21yr, sci-fi freak, martial artist, I.D.F soldier, israeli citizen, and man that I am. The series of books this book begins, is something that should unite all mankind in it's pleasures, it's wonder, it's fascinating mind (from 1912!), in great things sci-fi make you think of, in it's mind-developing in kids, and other pluses. Mean while, those great pleasures are saved, reluctantly, to us alone, science-fiction readers. You should be happy that YOU have an open mind- to enjoy "Princess from Mars". Wonderful world, exciting life-forms, cruel fighters,

beautiful princesses, non-stop action, with this BASIC masterpiece from the dawn of sci-fi. An avid reader can spot the "Barsoom" and "Jhon Carter" in many of the later coming top-authors. Zelazney AND Larry Niven are amongst those who paid tribute to Edgar rice Burroughs in their works (Niven I believe, was very influenced by Tars Tarakas, while writing "Ringworld", and conjuring Speaker-to-animals.) Anyway, I found those books in my continuing study of old sci-fi, and they are ofcourse among my most treasured ones, with 12 (for now) books of A.e Van Vogt, and the Lensmen series of E.E Smith. And don't think im one of those old-guys who read nothing written after

the 50' too. I've read Niven, Zelazney, Heinlin, Asimov, silverberg, Sheffield, Vinge, Bester, 'K. Dick, williamson, Holdman, Herbert, Hoze Farmer, and many more. Those books i'm talkin' about are written with a different style maybe, but they are just as good as modern sci-fi knockout's like "Dune" or "Ringworld" or I don't know, the're excellent! For those "Hard sci-fi only" guys (with you at spirit) these books tend to be somewhat fantastical. But that's because they were written before sci-fi and fantasy broke away in their own directions and became different janres. Just don't say I didn't warn 'ya. Highly recommended.

- In my opinion The Witch Of Blackbird

Pond was a very interesting and suspensful novel. By the end of reading the novel I not only has a full understanding of the withcraft and the witch trials in the 1690's but of the culture, way of life, people and government of this time period. Spears did a marvelous job on the setting. I love the way she explained with detail every setting as it changed. For example, when the setting changed from the boat to Weithersfield, she explained what the setting was like as Kit's opinion about this place. She described it as having flat, square houses and nothing like Barbadoes, where she used to live. Another example is when the setting

changed during the witch hunt for Kit's friend, Hannah, an old, sweet lady who is accused of being a witch. She described very well the mob of people and the burning of Hannah's house. She Also described very well the house of her cousins, The Woods.

Not only did she describe the setting well but characters and their feelings, like how hard the chores were to Kit and how Mercy and John loved each other so much. This novel is an excellent one and anyone who has the opportunity to read it should.
