A classic later novel by Anna Kavan. A largely autobiographical account of an unhappy childhood, this daring synthesis of memoir and surrealist experimentation chronicles the subject's gradual withdrawal from the daylight world of received reality. Brief flashes of daily experience from childhood, adolescence, and youth are described in what is defined as "nighttime language"—a heightened, decorative prose that frees these events from their gloomy associations. The novel suggests we have all spoken this dialect in childhood and in our dreams, but these thoughts can only be sharpened or decoded by contemplation in the dark. Revealing that side of life which is never seen by the waking eye but which dreams and drugs can suddenly emphasize, this startling discovery illustrates how these nighttime illuminations reveal the narrator's joy for the living world.

*My Madness* Peter Owen Publishers

Drawing together diverse literary, critical and theoretical texts in which the palimpsest has appeared since its inauguration by Thomas De Quincey in 1845, *Palimpsest: Literature, Criticism, Theory* provides the first ever genealogy of this metaphor. Sarah Dillon's original theorisation argues that the palimpsest has an involuted structure which illuminates and advances modern thought. While demonstrating how this structure refigures concepts such as history, subjectivity, temporality, metaphor, textuality and sexuality, Dillon returns repeatedly to the question of reading. This theorisation is interwoven with close readings of texts by D. H. Lawrence, Arthur Conan Doyle, Umberto Eco, Ian McEwan and H.D. Clearly written, and negotiating a range of critical theories and modern literary texts, it provides a reference point and critical tool for future employment of the concept of 'palimpsestuousness', and makes a significant contribution to the debate surrounding the relationship between theoretical and critical writing on literature.

*A Scarcity of Love* Peter Owen Publishers

The Parson was not published in Anna Kavan's lifetime, but found after her death in manuscript form. Thought to have been written between the mid 50s and early 60s, it presages, through its undertones and imagery, some of Kavan's last and most enduring fiction (such as *Ice*). It was published finally, to wide acclaim, by Peter Owen in 1995. The Parson of the title is not a cleric, but an upright young army officer so nick-named for his apparent prudishness. On leave in his native homeland, he meets a rich and beguiling beauty, the woman of his dreams. The days that the Parson

spends with Rejane, riding in and exploring the wild moorland have their own enchantment. But Rejane grows restless in this desolate land; doubtless in love with the Parson, she discourages any intimacy. Until that is, she persuades him to take her to a sinister castle situated on a treacherous headland. This is less a tale of unrequited love than exploration of divided selves, momentarily locked in an unequal embrace. Passion is revealed as a play of the senses as well as a destructive force. There have been valid comparisons to Poe, Kafka, and Thomas Hardy, but the presence of her trademark themes, cleverly juxtaposed and set in her risk-taking prose, mark The Parson as 100% Kavan.

How did Kafka become Kafka? This eagerly anticipated third and final volume of Reiner Stach's definitive biography of the writer answers that question with more facts and insight than ever before, describing the complex personal, political, and cultural circumstances that shaped the young Franz Kafka (1883–1924). It tells the story of the years from his birth in Prague to the beginning of his professional and literary career in 1910, taking the reader up to just before the breakthrough that resulted in his first masterpieces, including "The Metamorphosis." Brimming with vivid and often startling details, Stach's narrative invites readers deep inside this neglected period of Kafka's life. The book's richly atmospheric portrait of his German Jewish merchant family and his education, psychological development, and sexual maturation draws on numerous sources, some still unpublished, including family letters, schoolmates' memoirs, and early diaries of his close friend Max Brod. The biography also provides a colorful panorama of Kafka's wider world, especially the convoluted politics and culture of Prague. Before World War I, Kafka lived in a society at the threshold of modernity but torn by conflict, and Stach provides poignant details of how the adolescent Kafka witnessed violent outbreaks of anti-Semitism and nationalism. The reader also learns how he developed a passionate interest in new technologies, particularly movies and airplanes, and why another interest—his predilection for the back-to-nature movement—stemmed from his “nervous” surroundings rather than personal eccentricity. The crowning volume to a masterly biography, this is an unmatched account of how a boy who grew up in an old Central European monarchy became a writer who helped create modern literature.
