- This book covers it all. Tracks, drivers, I believe motorcycles too. I gave it as a gift so I don't have it here. But I do remember being impressed with the wide variety of racing subjects it covered. Lots of color pictures too,. If you are into racing, this is a great book to have.
- The publication was all I hoped it to be. Great western imagery, supportive history and commentary, objects nicely photographed and presented. Highly recommended as a resource and entertainment.
