REVIEW OF WRTH BARGRAPH FREQUENCY WORLD

- I have a small collection of books that I consider "private stock". These are books that I never lend and I read over and over. This book is a private stock favorite. James Young has

created one of the best books I have ever read on the process of creative thinking. The technique is simple and it works. I have applied this technique to a variety of situations when I needed "outside the box" solutions and it has never failed me. "A Technique for Producing Ideas" is an extraordinary book. It is a book that will

make you wonder about the power of the mind and the nature of consciousness itself.

- i got so excited when i read this book. i was so interested in the book. i read it for less then two hours. no grammar mistakes and good wordings. a book that is adventerous for children like me. i am eleven and a half years. this is a suitable book for me.
