REVIEW OF SECRET OF THE STAIRCASE THE VIRGINIA MYSTERIES VOLUME 4

- The book is advertised as In the tradition of The Name of the Rose and The Da Vinci Code. The only thing it has in common with The Da Vinci Code is The Grail, and the tradition of The Name of the Rose comes through copying the set up from Eco: middle ages, a novice, his master and teacher, an inquisitor, an inquiry, a remote monastery, unexplained deaths, poison, a fresh grave ... I don't know if there are laws against such copying, but I wouldn't mind the set up if the rest was any good.

Unfortunately, all I can say after reading the book is that there should be laws against publishing such crap. It takes a while, something like 150 pages to realize this. Because until then nothing happens, everything is slow, and you think she makes you wait, so that you will enjoy the ride when the action starts. But (and this is the word that starts like a 1000 sentences in the book), from there on it's only about telling us what she learned in her studies of history and philosophy, and it is done in an unbelievably amateurish way. Mainly through dialogues, which sound like being written by a 10 year old average schoolgirl. And they take place in the most

incredible situations. For example, when this group of mystery searchers finally makes it into the secret tunnels, which should be dangerous, and they should be anxious to proceed, they just stand there and discuss religion and philosophy for pages. Or they are standing bare footed outside where it is freezing cold, and discuss for even more pages. Obviously anytime, anywhere is fine for Koulias to tell us what she needs to. Which is not much, mind you, even though there are endless references to Plato, Aristotle, and some other old texts. But (here I go again), do we really need Aristotle to tell us that people sometimes lie when tortured??? Even more out of place are the prophetic dreams dreamt by the young novice. Here again we have Plato appearing, not to mention that without these dreams the mystery would have never been solved. O my god! I hoped that at least I would be rewarded for my persistence (suffering, actually) by revelation of the big secret. Instead, all I got were some hallucinations (visions, whatever) where the novice sees God, and Christ, and both and one, and three and similar nonsense, and of course THE CUP - the Holy Grail. Which will never be seen on earth again, and is just a symbol, and ... bla, bla, bla. So, if at least she had an idea, and it had been only her incapability to write, I would try to

understand why she had thought she had to write a book. But no, nothing, just drivel about religion, philosophy, and some supposed mystery. What I will never understand is how it is possible that something like this gets published (and even praised by some 'reviewers')

- This book was very entertaining and dramatic at the same

time! I wish I knew a person like Mama Ruby; she is the one to ALWAYS be in my corner. The cast of this melodrama is a comical group of people with an understanding on life that no one can explain but Mama Ruby. Very interesting and well written. I do not give the details of books that I read just invite you to read them also! Keep up the good work!
