REVIEW OF NATURAL SCIENCE PRIMARY 4 STUDENTS BOOK MODULE 2 THINK DO

- I had been looking for this book for years. I read it as a child and wanted to have it. Thank you so much for a great vintage copy!
- If you want a funny, sharply written book that you cannot put down, then do not miss Trish Jensen's Stuck With You. I laugh outloud!! She is a tax lawyer - the first lawyer in her hugely

extended family - and that she is a 'tax' lawyer does not seem to register with her family. Currently, she is handling her cousin's high powered divorce, which means she has to deal with 'the snake' aka Ross Bennett. Does not matter 'the snake' is gorgeous - he is still a divorce attorney i.e. a SNAKE!!The only problem, due to being exposed to a 'love virus' she might not be able to resist the snake since they are locked together for two weeks in the

same room in quarantined!!To make matters worse, her doctor was jilted by her brother back in their college days!!Can't get worse?? Well it seems 'the snake's' client just dognapped Doodles from her cousin...her aunt just lifted about half the hospital supplies because she is a klepto....Don't Miss this GEM of the Book!!WISE WRITERS AND READERS Book of the Month October 2001
